Home of Bronco Cross Country*

July 15, 2008

Dear Coach:

We are pleased to invite your team to the Ninth Annual Bella Vista Bronco Cross Country Invitational (Bronco Invitational) to be held on Saturday, October 18th at the **Willow Creek Cross Country Course in Folsom**. It is our goal to provide your team with an enjoyable and competitive experience on this challenging layout in the rolling hills adjacent to the Folsom High School campus. The Willow Creek Cross Country Course has become the site for numerous “high caliber” competitions including the 2008 CIF Sac-Joaquin Section (Section) Championships. Attending the Bronco Invitational will provide your team with the opportunity to compete on this facility in a competitive environment similar to that they will experience at the Section Championships one month later.

Attached you will find a general information sheet and the entry forms for the Bronco Invitational. The meet also includes junior high school competition and awards for both large (2008 California Interscholastic Federation [CIF] Divisions 1 and 2) and small high school divisions (2008 CIF Divisions 3, 4, and 5) in all classifications except for the junior varsity girls and junior varsity boys. The divisional races (e.g.; large and small school) will be run simultaneously with the awards determined on relative divisional finish placement. Please pay special attention to the **entry deadline of Friday, October 3, 2008, for the “Notice of Intent to Enter Form”**. Depending on the number of schools responding and the space limitations of the starting line and finish areas, we may limit the number of participating schools. This would be determined on a “first come, first served” basis. As such, we encourage you to submit your entry forms in a timely manner. Also note that all races will be run over metric distances with junior high school girls and boys competing at 2,800 meters (1.75 miles), freshman girls and boys, sophomore girls and boys competing at 3,380 meters (2.10 miles); junior varsity girls and junior varsity boys at 4,280 meters (2.64 miles), and varsity girls and varsity boys at 4,890 meters (3.04 miles).
